

BSI Standards Publication

Influence of materials on water intended for human consumption — Influence due to migration

Part 1: Test method for factory-made
products made from or incorporating
organic or glassy (porcelain/vitreous enamel)
materials

National foreword

This British Standard is the UK implementation of EN 12873-1:2014. It supersedes BS EN 12873-1:2003 which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee EH/6, Effects of materials on water quality.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
