

BSI Standards Publication

# **Railway applications — Infrastructure — Noise barriers and related devices acting on airborne sound propagation — Test method for determining the acoustic performance**

---

Part 2: Intrinsic characteristics — Airborne sound  
insulation under diffuse sound field conditions

## National foreword

This British Standard is the UK implementation of EN 16272-2:2023. It supersedes BS EN 16272-2:2012, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee RAE/2, Railway Applications - Track.

A list of organizations represented on this committee can be obtained on request to its committee manager.
