

BSI Standards Publication

Equipment for commercial kitchens — Components for ventilation in commercial kitchens

Part 6: Aerosol separators; Design and safety requirements

National foreword

This British Standard is the UK implementation of EN 16282-6:2020.

The UK participation in its preparation was entrusted to Technical Committee RHE/2/-/1, Ventilation of commercial kitchens.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
