Safety requirements for cableway installations designed to carry persons - Terminology

National foreword

This British Standard is the UK implementation of EN 1907:2017. It supersedes BS EN 1907:2005, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee MCE/20, Aerial ropeways.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
