Adhesives for load-bearing timber structures — Test methods

Part 1: Determination of longitudinal
tensile shear strength

National foreword

This British Standard is the UK implementation of EN 302-1:2013. It supersedes BS EN 302-1:2004, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee PRI/52, Adhesives.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
