

BS EN 62026-7:2013

BSI Standards Publication

# Low-voltage switchgear and controlgear — Controller-device interfaces (CDIs)

Part 7: CompoNet

**bsi.**

...making excellence a habit.™

**National foreword**

This British Standard is the UK implementation of EN 62026-7:2013. It is derived from IEC 62026-7:2010. It supersedes DD IEC/PAS 62026-7:2009, which is withdrawn.

A CENELEC common modification has been implemented in the text: a NOTE has been inserted in subclause 9.2.8.1.

The UK participation in its preparation was entrusted by Technical Committee PEL/17, Switchgear, controlgear, and HV-LV co-ordination, to Subcommittee PEL/17/2, Low voltage switchgear and controlgear.

A list of organizations represented on this subcommittee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
