

BSI Standards Publication

Fixed capacitors for use in electronic equipment

Part 14: Sectional specification — Fixed capacitors for electromagnetic interference suppression and connection to the supply mains

National foreword

This British Standard is the UK implementation of EN IEC 60384-14:2023. It is identical to IEC 60384-14:2023, incorporating corrigendum October 2024. It supersedes BS EN 60384-14:2013+A1:2016, which is withdrawn.

The start and finish of text introduced or altered by corrigendum is indicated in the text by tags. Text altered by IEC corrigendum October 2024 is indicated in the text by AC1 AC1.

The UK participation in its preparation was entrusted to Technical Committee W/-, Consumer Products and Services Sector Policy and Strategy Committee.

A list of organizations represented on this committee can be obtained on request to its committee manager.

Contractual and legal considerations

This publication has been prepared in good faith, however no representation, warranty, assurance or undertaking (express or implied) is or will be made, and no responsibility or liability is or will be accepted by BSI in relation to the adequacy, accuracy, completeness or reasonableness of this publication. All and any such responsibility and liability is expressly disclaimed to the full extent permitted by the law.

This publication is provided as is, and is to be used at the recipient’s own risk.

The recipient is advised to consider seeking professional guidance with respect to its use of this publication.

This publication is not intended to constitute a contract. Users are responsible for its correct application.
