Superconductivity

Part 4: Residual resistance ratio measurement — Residual resistance ratio of Nb-Ti and Nb₃Sn composite superconductors

National foreword

This British Standard is the UK implementation of EN IEC 61788-4:2020. It is identical to IEC 61788-4:2020. It supersedes BS EN 61788-4:2016, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee L/-/90, Super Conductivity.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
