Electromechanical elementary relays

Part 4: General and safety requirements for reed relays

National foreword

This British Standard is the UK implementation of EN IEC 61810-4:2020. It is identical to IEC 61810-4:2020.

The UK participation in its preparation was entrusted to Technical Committee EPL/94, General purpose relays and reed contact units.

A list of organizations represented on this committee can be obtained on request to its committee manager.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
