Ferrite cores – Guidelines on dimensions and the limits of surface irregularities

Part 5: EP-cores and associated parts for use in inductors and transformers

National foreword

This British Standard is the UK implementation of EN IEC 63093-5:2018. It is identical to IEC 63093-5:2018. It supersedes BS EN 62317-5:2015, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee EPL/51, Transformers, inductors, magnetic components and ferrite materials.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
