Standard test radio-frequency connectors

Part 1: Generic specification — General requirements and test methods

National foreword

This British Standard is the UK implementation of EN IEC 63137-1:2019. It is identical to IEC 63137-1:2019.

The UK participation in its preparation was entrusted to Technical Committee EPL/46, Cables, wires and waveguides, radio frequency connectors and accessories for communication and signalling.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
