

Petroleum and natural gas industries — Cements and materials for well cementing

**Part 6: Methods for determining
the static gel strength of cement
formulations (ISO 10426-6:2008)**

ICS 75.020; 91.100.10

National foreword

This British Standard is the UK implementation of EN ISO 10426-6:2008.

The UK participation in its preparation was entrusted to Technical Committee PSE/17/-/3, Drilling and completion fluids and well cements.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard cannot confer immunity from legal obligations.

This British Standard was published under the authority of the Standards Policy and Strategy Committee on 31 July 2008
