

BSI Standards Publication

Transportable gas cylinders — Compatibility of cylinder and valve materials with gas contents

Part 4: Test methods for selecting steels resistant to hydrogen embrittlement

National foreword

This British Standard is the UK implementation of EN ISO 11114-4:2017. It is identical to ISO 11114-4:2017. It supersedes BS EN ISO 11114-4:2005, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee PVE/3, Gas containers.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
