# **Preparation of steel substrates before application of paints and related products – Test methods for metallic blast-cleaning abrasives**

---

Part 2: Determination of particle size distribution (ISO 11125-2:2018)

## National foreword

This British Standard is the UK implementation of EN ISO 11125-2:2018. It supersedes BS EN ISO 11125-2:1997, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee STI/21, Paint systems and surface preparation for metallic substrates.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
