

BSI Standards Publication

Jewellery and precious metals – Determination of platinum in platinum alloys – ICP-OES method using an internal standard element (ISO 11494:2019)

National foreword

This British Standard is the UK implementation of EN ISO 11494:2019. It supersedes BS EN ISO 11494:2016, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee STI/53, Specifications and test methods for jewellery and horology.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
