

BSI Standards Publication

**Jewellery and precious metals — Determination
of palladium in palladium alloys — ICP-OES
method using an internal standard element**

National foreword

This British Standard is the UK implementation of EN ISO 11495:2019. It is identical to [ISO 11495:2019](#). It supersedes [BS EN ISO 11495:2016](#), which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee STI/53, Specifications and test methods for jewellery and horology.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
