

# Paints and varnishes — Exposure of coatings to artificial weathering — Exposure to fluorescent UV lamps and water

The European Standard EN ISO 11507:2007 has the status of a  
British Standard

ICS 87.040

# National foreword

This British Standard is the UK implementation of EN ISO 11507:2007. It supersedes BS EN ISO 11507:2001 which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee STI/10, Test methods for paints.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

**Compliance with a British Standard cannot confer immunity from legal obligations.**

This British Standard was published under the authority of the Standards Policy and Strategy Committee on 28 September 2007
