

Methods of test for refractory products —

Part 1: Determination of dynamic Young's modulus (MOE) by impulse excitation of vibration

The European Standard EN ISO 12680-1:2007 has the status of a
British Standard

ICS 81.080

National foreword

This British Standard was published by BSI. It is the UK implementation of EN ISO 12680-1:2007. It is identical with ISO 12680-1:2005.

The UK participation in its preparation was entrusted to Technical Committee RPI/1, Refractories.

A list of organizations represented on RPI/1 can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard cannot confer immunity from legal obligations.

This British Standard was published under the authority of the Standards Policy and Strategy Committee on 30 June 2006
