

Petroleum and natural gas industries — Offshore production installations — Requirements and guidelines for emergency response

ICS 75.180.10

National foreword

This British Standard is the UK implementation of EN ISO 15544:2010. It is identical to ISO 15544:2000, incorporating amendment 1:2009. It supersedes BS ISO 15544:2000 which is withdrawn.

The start and finish of text introduced or altered by amendment is indicated in the text by tags. Tags indicating changes to ISO text carry the number of the ISO amendment. For example, text altered by ISO amendment 1 is indicated by **A1** **A1**.

The UK participation in its preparation was entrusted to Technical Committee PSE/17, Materials and equipment for petroleum petrochemical and natural gas industries.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard cannot confer immunity from legal obligations.

This British Standard, having been prepared under the direction of the Engineering Sector Committee, was published under the authority of the Standards Committee and comes into effect on 15 February 2001
