Steel for the reinforcement and prestressing of concrete — Test methods

Part 3: Prestressing steel

National foreword

This British Standard is the UK implementation of EN ISO 15630-3:2019. It is identical to ISO 15630-3:2019. It supersedes BS EN ISO 15630-3:2010, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee ISE/104, Concrete Reinforcing and Pre-Stressing Steels.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
