

BSI Standards Publication

**Metallic materials - Method of test
for the determination of quasistatic
fracture toughness of welds**

National foreword

This British Standard is the UK implementation of EN ISO 15653:2018. It is identical to ISO 15653:2018. It supersedes BS EN ISO 15653:2010, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee ISE/101/4, Toughness testing.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
