

Passivation of corrosion-resistant stainless-steel fasteners

The European Standard EN ISO 16048:2003 has the status of a
British Standard

ICS 21.060.01

National foreword

This British Standard is the official English language version of EN ISO 16048:2003. It is identical with ISO 16048:2003.

The UK participation in its preparation was entrusted to Technical Committee FME/9, Bolts, nuts and accessories (+QA and hose clamps), which has the responsibility to:

- aid enquirers to understand the text;
- present to the responsible international/European committee any enquiries on the interpretation, or proposals for change, and keep the UK interests informed;
- monitor related international and European developments and promulgate them in the UK.

A list of organizations represented on this committee can be obtained on request to its secretary.

Cross-references

The British Standards which implement international or European publications referred to in this document may be found in the *BSI Catalogue* under the section entitled “International Standards Correspondence Index”, or by using the “Search” facility of the *BSI Electronic Catalogue* or of British Standards Online.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.

This British Standard was published under the authority of the Standards Policy and Strategy Committee on 20 June 2003
