Microbiology of the food chain — Method validation

Part 5: Protocol for factorial interlaboratory
validation for nonproprietary methods

National foreword

This British Standard is the UK implementation of EN ISO 16140-5:2020. It is identical to [ISO 16140-5:2020](#).

The UK participation in its preparation was entrusted to Technical Committee AW/9, Microbiology.

A list of organizations represented on this committee can be obtained on request to its committee manager.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
