BSI Standards Publication

Footwear and footwear components — Test method to assess antibacterial activity (ISO 16187:2013)

National foreword

This British Standard is the UK implementation of EN ISO 16187:2013.

The UK participation in its preparation was entrusted to Technical Committee TCI/69, Footwear, leather and coated fabrics.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
