

BSI Standards Publication

Radiological protection – Monitoring and internal dosimetry for staff members exposed to medical radionuclides as unsealed sources (ISO 16637:2016)

National foreword

This British Standard is the UK implementation of EN ISO 16637:2019. It is identical to ISO 16637:2016. It supersedes BS ISO 16637:2016, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee NCE/2, Radiation protection and measurement.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
