

BSI Standards Publication

Radiological protection – Monitoring and internal dosimetry for specific materials

Part 1: Inhalation of uranium compounds

National foreword

This British Standard is the UK implementation of EN ISO 16638-1:2017. It is identical to ISO 16638-1:2015. It supersedes BS ISO 16638-1:2015, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee NCE/2, Radiation protection and measurement.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
