

BS EN ISO 17081:2014

BSI Standards Publication

Method of measurement of hydrogen permeation and determination of hydrogen uptake and transport in metals by an electrochemical technique

National foreword

This British Standard is the UK implementation of EN ISO 17081:2014. It supersedes BS EN ISO 17081:2008 which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee ISE/NFE/8, Corrosion of metals and alloys.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
