Electronic fee collection — System architecture for vehicle-related tolling

Part 1: Reference model

National foreword

This British Standard is the UK implementation of EN ISO 17573-1:2019. It is identical to ISO 17573-1:2019. It supersedes BS ISO 17573:2010, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee EPL/278, Intelligent transport systems.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
