

Corrosion of metals and alloys — Determination of the critical pitting temperature under potentiostatic control

ICS 77.060

National foreword

This British Standard is the UK implementation of EN ISO 17864:2008. It is identical with ISO 17864:2005. It supersedes BS ISO 17864:2005, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee ISE/NFE/8, Corrosion of metals and alloys.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard cannot confer immunity from legal obligations.

This British Standard was published under the authority of the Standards Policy and Strategy Committee on 17 January 2006
