Flexible cellular polymeric materials - Determination of compression set

National foreword

This British Standard is the UK implementation of EN ISO 1856:2018. It is identical to ISO 1856:2018. It supersedes BS EN ISO 1856:2001, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee PRI/24, Testing of rigid and flexible cellular materials.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
