

BSI Standards Publication

Geotechnical investigation and testing – Geotechnical monitoring by field instrumentation

Part 4: Measurement of pore water pressure: Piezometers

National foreword

This British Standard is the UK implementation of EN ISO 18674-4:2020. It is identical to ISO 18674-4:2020.

The UK participation in its preparation was entrusted to Technical Committee B/526/3, Site investigation and ground testing.

A list of organizations represented on this committee can be obtained on request to its committee manager.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
