

BSI Standards Publication

Petroleum and natural gas industry — Pipeline transportation systems — Geological hazards risk management for onshore pipeline

National foreword

This British Standard is the UK implementation of EN ISO 20074:2019. It is identical to [ISO 20074:2019](#).

The UK participation in its preparation was entrusted to Technical Committee PSE/17/2, Transmission pipelines.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
