

BSI Standards Publication

Sterilization of health care products — Dry heat — Requirements for the development, validation and routine control of a sterilization process for medical devices

National foreword

This British Standard is the UK implementation of EN ISO 20857:2013. It is identical to ISO 20857:2010.

The UK participation in its preparation was entrusted to Technical Committee CH/198, Sterilization of medical devices.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
