BSI Standards Publication

Metallic coatings — Review of methods of measurement of ductility (ISO 8401:2017)

National foreword

This British Standard is the UK implementation of EN ISO 8401:2017. It supersedes BS EN ISO 8401:1995 which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee STI/33, Electrodeposited and related coatings.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
