

BSI Standards Publication

Suction catheters for use in the respiratory tract

National foreword

This British Standard is the UK implementation of EN ISO 8836:2020. It is identical to ISO 8836:2019. It supersedes BS EN ISO 8836:2014, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee CH/121, Anaesthetic and respiratory equipment.

A list of organizations represented on this committee can be obtained on request to its committee manager.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
