

Adhesives — Test methods for fatigue properties of structural adhesives in tensile shear

The European Standard EN ISO 9664 : 1995 has the status of a
British Standard

ICS : 83.180

Committees responsible for this British Standard

The preparation of this British Standard was entrusted to Technical Committee STI/52, Adhesives, upon which the following bodies were represented:

British Adhesives and Sealants Association
 British Plastics Federation
 British Steel Industry
 Centre for Adhesive Technology
 Chemical Industries' Association
 Contract Flooring Association
 Department of the Environment (Building Research Establishment)
 Department of Trade and Industry (National Physical Laboratory)
 European Resin Manufacturers' Association
 Federation of the Electronics Industry
 Institute of Materials
 Ministry of Defence
 Society of Motor Manufacturers and Traders
 Timber Research and Development Association
 University of Bristol
 Welding Institute

This British Standard, having been prepared under the direction of the Sector Board for Materials and Chemicals, was published under the authority of the Standards Board and comes into effect on 15 November 1995
