

BSI Standards Publication

**Radiation protection instrumentation – Installed
ambient dose equivalent rate meters, warning
and monitoring assemblies for neutrons
with energies from thermal to 20 MeV**

National foreword

This British Standard is the UK implementation of IEC 61322:2020.

The UK participation in its preparation was entrusted to Technical Committee NCE/2, Radiation protection and measurement.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
