

BS IEC 61588:2008

BSI Standards Publication

Precision clock synchronization protocol for networked measurement and control systems

bsi.

...making excellence a habit.™

National foreword

This British Standard is the UK implementation of IEC 61588:2008. It supersedes BS IEC 61588:2004 which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee AMT/7, Industrial communications: process measurement and control, including fieldbus.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
