Printed electronics

Part 502-2: Quality assessment - Organic light emitting diode (OLED) elements - Combined mechanical and environmental stress test methods for flexible OLED elements

National foreword

This British Standard is the UK implementation of IEC 62899-502-2:2019.

The UK participation in its preparation was entrusted to Technical Committee AMT/9, Printed Electronics.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
