Copper sulfide concentrates — Determination of copper content — Titrimetric methods

National foreword

This British Standard is the UK implementation of ISO 10258:2018. It supersedes BS ISO 10258:2015, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee NFE/36, Copper lead and zinc ores and concentrates.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
