

BSI Standards Publication

Restrained joint systems for ductile iron pipelines — Design rules and type testing

National foreword

This British Standard is the UK implementation of ISO 10804:2018. It supersedes BS ISO 10804:2010, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee PSE/10, Iron pipes and fittings.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
