**Buildings and civil engineering
works — Sealants —
Determination of changes
in cohesion and appearance
of elastic weatherproofing
sealants after exposure of
statically cured specimens
to artificial weathering and
mechanical cycling**

National foreword

This British Standard is the UK implementation of ISO 11617:2014.

The UK participation in its preparation was entrusted to Technical Committee B/547, Sealants for building and construction.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
