Rolling bearings — Cylindrical rollers

Part 2: Boundary dimensions, geometrical product specifications (GPS) and tolerance values for ceramic rollers

National foreword

This British Standard is the UK implementation of ISO 12297-2:2018.

The UK participation in its preparation was entrusted to Technical Committee MCE/7, Rolling bearings.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
