Plain bearings — Quality assurance of sample types — Definitions, applications and testing

National foreword

This British Standard is the UK implementation of ISO 12308:2017. It supersedes BS EN 12308:1998, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee MCE/12, Plain bearings.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
