Fibre-reinforced plastic composites — Determination of open-hole compression strength

National foreword

This British Standard is the UK implementation of ISO 12817:2013.

The UK participation in its preparation was entrusted to Technical Committee PRI/42, Fibre reinforced thermosetting plastics and preregs.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
