

BSI Standards Publication

Condition monitoring and diagnostics of machines — Vibration condition monitoring

Part 5: Diagnostic techniques for fans and blowers

National foreword

This British Standard is the UK implementation of ISO 13373-5:2020.

The UK participation in its preparation was entrusted to Technical Committee GME/21/5, Vibration of machines, vehicles and structures.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
