

BSI Standards Publication

Steel sheet, cold-reduced, of higher yield strength with improved formability

National foreword

This British Standard is the UK implementation of ISO 13887:2017. It supersedes BS ISO 13887:2011, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee ISE/109, Coated and Uncoated Flat Products to be Used for Cold Forming.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
