

BSI Standards Publication

Radiofrequency identification of animals — Advanced transponders

Part 3: Applications

National foreword

This British Standard is the UK implementation of ISO 14223-3:2018.

The UK participation in its preparation was entrusted to Technical Committee AGE/6/1, Radio Frequency ID for Animals.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
