Optics and photonics — Test methods for telescopic systems

Part 10: Test methods for axial colour performance

National foreword

This British Standard is the UK implementation of [ISO 14490-10:2021](#).

The UK participation in its preparation was entrusted to Technical Committee CPW/172, Optics and Photonics.

A list of organizations represented on this committee can be obtained on request to its committee manager.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
