

Gaseous fire-extinguishing systems — Physical properties and system design —

Part 1: General requirements

ICS 13.220.10

National foreword

This British Standard is the UK implementation of ISO 14520-1:2006, incorporating corrigendum September 2007. It supersedes BS ISO 14520-1:2000 which is withdrawn.

The start and finish of text introduced or altered by corrigendum is indicated in the text by tags. Text altered by ISO corrigendum September 2007 is indicated in the text by AC1 AC1.

The UK participation in its preparation was entrusted by Technical Committee FSH/18, Fixed firefighting equipment, to Subcommittee FSH/18/6, Gaseous extinguishing media amd systems.

A list of organizations represented on this subcommittee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard cannot confer immunity from legal obligations.

This British Standard was published under the authority of the Standards Policy and Strategy Committee on 31 May 2006
